

August 14, 2026

Dear Current and Prospective Students:

On August 11, 2026, the Federal Motor Carrier Safety Administration (FMCSA) issued North American Trade Schools a Notice of Proposed Removal from the federal Training Provider Registry — the list of schools approved to deliver the Entry-Level Driver Training required to obtain a commercial driver's license.

North American Trade Schools remains listed on the registry. We are authorized to conduct training and to certify completions.

We are responding to FMCSA within the timeframes the agency set.

If you have any questions, please contact Ms. Sherry Erney at sherry.erney@natradeschools.edu.

Sincerely,

Nina Chen
CEO, North American Trade Schools
